2018 TVDSA Trisomy 21 Open

The Treasure Valley Down Syndrome Association is proud to be hosting the 3rd annual TVDSA golf tournament on Saturday, July 21, 2018 - the **2018 TVDSA Trisomy 21 Open**. The proceeds will be used to raise awareness about Down syndrome as well as support the Down syndrome community and their families. This will be a great time for a great cause. Your participation is fundamental to our success! Players need to be at least 14 years of age and all abilities welcome.

Registration

All registration will be done online. Players can register as a team or individually. If you register individually but would like to be on a specific team, you can add that information during online registration. If you do not have a preference, we will place you on a team.

Players with Down syndrome get FREE registration

You must be a TVDSA member. Contact golf@idahodownsyntax.org to get your discount code before registering.

Format

This tournament is formatted as a best-ball scramble. No player handicap information is needed. All players will hit their ball from their designated tee box and the team will proceed to the position of the best shot from the team. This will repeat until one player puts the ball in the hole. Each player's initial drive must be used at least once.

Activities

Longest Drive and Closest To The Pin

There will be both a Longest Drive and Closest To The Pin contest for both men and women. This must be shot from the designated tee and requires the purchase of a special ticket to participate in this contest. These are available during registration and the day of the event for a higher price.

Returning CONTEST THIS YEAR - The ProShot Challenge

Returning this year is an exciting game that is a lot of fun. Improve your score and challenge your friends! There are several levels to this game, so you can participate a little or a lot, giving players several opportunities to support TVDSA with additional donations while increasing their chances of improving the team score as well as winning great prizes. The ultimate goal is to out-drive the Pros and get a free drop on the green. Each ticket is also an entry in the raffle.

Dixon Golf Challenges

We are excited to once again feature the Dixon Golf Challenges at the 2018 TVDSA Trisomy 21 Open. These challenges are both fun and rewarding. There are several prizes available along with **a chance to win \$1,000,000** in the Dixon Fiesta Bowl Hole in One Challenge. Win a **new driver** in the Driver Contest. ***NEW for 2018*** The **\$20,000 LEGEND Shootout** is a Hole-In-One contest that will take place during the tournament. Unlike the Dixon Challenge, the \$20,000 LEGEND Shootout prize will be determined the day of the tournament and you could walk away with \$10,000!

Raffle

There will be a raffle at the end of the event. Each ticket purchased for the ProShot Challenge and for each Longest Drive/Closest To The Pin ticket will give the player one entry in the raffle.

We Thank You for your continued support.
